ART/TECH MASHUP

AFTER SCHOOL PROGRAM

Love art and technology? Bring the two together in this hands-on course!

In this 4-week program, you will:

- Make light-up cards with calligraphy and circuits
- Code your own music with Sonic Pi
- Use a Microbit (pocket-sized computer) to control circuits and create games
- Create spirograph designs with Python code

DATES:
Mar 12, 19, 26 & Apr 2

TIME:
5:00-6:30 PM

LOCATION:
Innovate Calgary (NW)

REGISTER TODAY! Enter code LANGEVIN10 for 10% off
